SUBJECT.

Construction of the Bowpalais chattram and ghat at Shimoga.

Indexed

W D 1250—GPB—30,000 28-1-19

Note by Colonel C. Bowen R.E.
Chief Engineer and Secretary to the
Govt of Ceylon P. W. Department.

11

In accordance with order No.
6435 / 2433 of 3rd September 1891, I have
had the accompanying Revised
Plan (Marked A) prepared
in my office for the Shimoga
Chutteram, the gift of Mr Compalius.

The lines are those followed
in the building apparently
approved by Government,
but with this important omission
that I have left out the batting
Shait on the river bank with
the large octagonal pavilions
flanking it. The fact is
until I have seen the site
myself, or until my Assistant
or some other competent officer
has seen it, I cannot pro-
-nounce on the feasibility
of this part of the proposed
structure. The bank is
scoured and eaten into

by

by the river, the level of which in heavy floods would cut the basement of the towers high up and probably sweep them over. In the original crude design, which it was apparently intended should be followed, it is not shewn how exactly these towers or pavilions were to be carried out. There are no details for the most difficult part of the whole job, and if the attempt were made to build them as shewn on one of the drawings, they would not stand. But two of the drawings dont disagree.

0010001

For this reason I have omitted the riverside part of the proposed buildings. It will have to be considered hereafter, but this need not retard the building of the part of the Chattrum which

is

is to stand on high and dry land. The pavilions and ghat can follow, when I have satisfied myself that there will be no danger in constructing them.

The estimate, marked A' as revised according to prevailing rates, amounts to Rs. 23,880 without compound wall or latrines, which items not yet estimated for in detail will come to Rupees. 2000 more probably.

0010001

If this amount be sanctioned now and the site be made over, construction will be taken in hand and the river pavilions and bathing ghat will engage attention and a feasible design be prepared. —

C. Rowen.

Colonel R.E.
Chief Engineer of Mysore.

Bangalore
15th January
1892

The Revised Estimate
was received for Rs.
40,000 which have, I
think to be sent to
the Chief Engr. for such
orders as he may think
fit to issue on it.

The Original Estimate
is said to have been
~~for Rs~~ sanctioned in
~~1852~~ the D.C.W for Rs.
3425. Of this sum
Mr. Courpalais paid
Rs 3200 as donation
& the balance of Rs 225
was sanctioned from
Provincial revenue.

The liberal donor
considering that more
work than the Original
Estimate provided for
were necessary has
promised to pay a
further donation of
Rs 8000 to meet
the extra cost to be
incurred by the revised
Estimate would be

0010001

~~1111~~

Govt also paid
Rs 1000 as compensation
for the site of the Chattram.

fully met thereby: The Ghats seem to be quite necessary. The water works project will only supply drinking water. As the Chattram is situated on the river bank the Ghats are necessary for bathing purposes. The Ghat is mentioned in the former correspondence.

But there is another estimate for Rs 5842 thus

for including expenditure

1	the first ditch into the Com. -pound & filling it up	Rs 2174
2	Compound wall	2061
3	Latrines —	1072
4	Lay-out roads	385
5	Levelling ground	150

As it appears that the liberal donor wishes these works also be performed in order to improve the sanitation of the Chattram ground and complete all works that are necessary and as his contribution already amounts to Rs 40,000 the D.C. recommends to pay the additional sum of Rs 5842 from Govt. is deserving of favorable consideration.

Govt has already ordered that the Chattram when completed will be taken charge of & maintained from Dist. Funds. The Dist. Funds of Shemoga Circle has no funds, the town is a large deficit balance. The amount may either be sanctioned from local fund General or Provincial Funds.

Submitted 19-4-94 Narayanrao

Order passed on the D.C.'s letter dt 8-6-94 & 26 April 94

GOVERNMENT OF MYSORE

Memo regarding —

"Dharmapravritta" Mr. Fourpaly's Chattram, which is in Course of Construction in Shimoga Town and which when completed will be maintained from the District Funds, as ordered in Govt. Pro: No. 7834-5 dt 628 dt 19th Octr. 1891.

The site for the Chattram was acquired by paying a Compensation ⊗ of Rs. 1000 from Provincial Funds, vide Govt. Pro. 13928-9/319 dt 4-3-92

2. Mr. Fourpaly's having made a donation of Rs. 32,000, an estimate prepared for Rs. 34,257 for the Chattram and a Ghat to the river (as the Chattram is on the river bank) was sanctioned by the Govt. to the D.P.W. Public Works Dept., vide D.C.W. Secy's No. 3340/549 dt 9-7-92. In it, the Executive Engineer was told

⊗ Note. Govt. ordered that a site should be granted free; but as no Govt. land, suitable for the purpose, was available private land had to be purchased for this sum of Rs. 1000.

0010001

to make every endeavour
"to carry out the work, if
possible, within the donation
of Rs. 32,000 given by Mr.
Courpalais". If not possible,
the difference of Rs. 2257 was
apparently intended to be paid
from Provincial Funds. About
that matter, there may be
~~further~~ correspondence in
the office of the D.P.W Secretary.

3. The estimate seems to have 0010001
consisted of the following items
(vide Executive Engr's Report of 7/Sept/92
read at the time when the Ceremony
of laying the foundation took place):—

(1)	Chattram	Rs. 20,547
(2)	Compound walls	1,830
(3)	Bathing Ghats to the River	10,000
(4)	Latrines	1,880
	Total	Rs. 34,257

4. It having been found
that it was necessary to
add detached blocks of apartments
another Ghat, for Mussalmans

and Christians. Mr. Courpalais promised to make a further donation of Rs 8000, which added to his first donation of Rs 32,000 makes a total of Rs 40,000; for which amount a revised estimate was prepared and submitted, with the Dy Comr's letter of 26 March 1894 No. 896/731, together with another separate estimate for Rs 5842 for the marginally noted works, with a request that a grant of Rs 5842 might be made from the Provincial Sanitary Budget

5 In reply (Govt Proceedings 92-5-94 No. 18515-6/L7 215-92) the Deputy Commr was informed that "the proposed works "cannot be sanctioned from "the Sanitary Budget. If Mr. "Courpalais wishes to have "the works executed for the "benefit of his Chattram, he

^ for the main buildings and the shâts

001Ø001

*	For including the Fort ditch with Compound and filling it up	Rs 2174
2	Compound wall	— 2061
3	Latrines	— 1072
4	Laying out roads	385
5	Levelling ground	150
		5842

"must bear its cost. If not,
"the works must wait till
"the Municipality or the District
"Fund Board are able to
"provide funds".

6. With the above order, the Deputy Comm's letter and all its enclosures were transferred to the Chief Engineer for disposal of the revised Estimate for Rs. 40,000.

7. The Deputy Comm. in his present letter No. 1062/871 of 22 May/94 states that the additional works are necessary and strongly urges the Govt. to sanction the sum of Rs. 5842 either from Provincial Funds or from the Local Funds General, as it is stated the Govt were once prepared to pay the sum of Rs. 2257 the difference between the first donation and the original Estimate; and would, it is urged, be now pleased to pay grant the present difference of Rs. 5842, in consideration of the liberal donation of Rs. 40,000. The Deputy Comm. also adds that the forpalias

Note. At present both are not in good financial condition. The Municipality is being largely aided from Provincial funds, and there is a large deficit balance at the District Funds of this Dist.

0010001

has now gone to England and is not likely to make any further donation.

8 The Hindu Chattram and the Hindu Ghat is stated to be nearly completed at a and would cost ~~£~~ Rs 32,816. This, looking from the Statement I attached to the Dy Comm^rs letter, seems evidently to be exclusive of items (2) and (4), viz Compound walls & Latrines (Rs 3710) of the original estimate - which are necessary ~~items~~. items. The revised estimate for Rs 40,000 appears to confine itself to the main buildings of the Hindu and Muhammadan-Christian Chattrams and Ghats, throwing the Compound wall, Latrines, &c. into the additional estimate

0010001

9. Regarding the first item of Rs 2174, for including

^ ~~including~~ with the additional Estimate,

the Fort ditch in the compound and filling it up it may be stated here that the ditch is now private property, measuring 46 x 152 square yards and that under the recommendation (vide his letter No. 1548/1486 of 30 June 93) of the deputy Commr. IX a notification dated 2 August 1893 for acquiring the land under the Land Acquisition Act has been published in the 00100001 Gazette. The Executive Engineer states that the location of the additional blocks for the Mussalmans and Christians depends on the filling in of the ditch. What compensation is required to be paid for it is not yet settled. On the whole a sum of Rs (6000) six thousand may be put down as required to be

× Rs 5842 of the additional estimate
158 probable contribution for the ditch.
6000

Sanctioned either from
Provincial or Local
Funds General.

Submitted
2-6-94

I have spoken to the
Dewan on the subject
& he has consented to
make a grant of
the sum required from the
Road Funds. The
estimate for Rs 45842
00010001
being be sanctioned

21/6/94

and
under the circumstances
stated, the Chief Engineer
will be requested to examine
the final estimates presented by
them with Govt Proceedings
& report the sum required to
complete the work & if the
additional sum required over
& above the donation
of Rs 40000 paid by
the Municipalities does not
exceed Rs 6000, the Govt

are willing to
pay the excess
amount required
from Provl Funds.—

CL

Re. 6, one
Estimate &
one tin case
containing 3 plans.
sent separately

Office of the Deputy
Commissioner on special
duty. Dated Bangalore
12th August 1891.

To. The Chief Secretary
to the Dewan of Mysore.

Sir,

I have the honor to
submit herewith copies of
letters that passed between
me, Mr. Compalais and the
Dewan together with his plans
and Estimates for a Chaut-
and Chatham to be called
after Mr. Compalais and to be
built by him on the banks
of the River Tunga at Shi-
moga.

2. I had sent a draft
proceedings to the Dewan
which

which possibly is mislaid
I shall deem it a favor if
you will be so good as to
get a proceedings passed
by Government giving as
many extracts from the enclosed
Correspondence as the Diwan
may deem necessary requesting
the Chief Engineer to order (1)
the work to be done by the
Public Works department
agency, and also ordering that
the building when completed
should be under the charge (2).
of the Municipality who
should attend to its repairs
and upkeep.

3. The President of the
Municipality to exercise
supervision while the building (3)
is under construction and
also to secure the site as
per

(4) per site plan enclosed either from Municipal or Government funds as the Government may decide.

4. These suggestions are in accordance with the views of the Dewan & pressed by me on different occasions. Mr. Courpalais has not indicated on the plan how he would like to have provision made for native christians and Mahamedans. The Quarters for these two Communities should be in separate and detached blocks; in which case the accomodation provided for "other Hindus" may be dispensed with altogether.

(5) 0010001

5 I shall be glad to explain to Colonel Bowen any points on which the plans and Correspondence may not throw sufficient light.

I have the honor to be
Sir
Your most obedient servant
P. Madhavadas
Deputy Commissioner
On Special duty.

1
C

Bangalore
8th December 1890.

Here has come with the Memorandum

My dear Mr. Madhava Rao.

You are doubtless aware that it is my intention to construct a chatram for all classes, or sects of the Hindu Community, and I should wish very much that the building be located in an important town in the Nagar Division which would supply a desideratum and at the same time be of growing importance and utility to the public. Your long stay in the Mahrad and vast experience of the Country and its inhabitants has no doubt given you many opportunities to be able to judge what place would be best suited and most convenient for travellers and also of the description

of

of building that would be needful for such a purpose. I have in Consequence been constrained to trouble you and I shall be much obliged indeed for an Expression of your opinion on the matter.

I would also Esteem it a great favor if you would secure me the site with the approval and sanction of the Government and I wish the Chairman be a permanent one, I should be glad if the Government would become its trustees so that after any time it may continue and be of use to weary travellers without the risk of being allowed to fall into ruin.

I am sure you will do your best to help me in this. Do you think Rs 20,000 twenty thousand would be

be sufficient. 1/2

I wanted to call but have been down with fever. I hope you will have a pleasant time of it while out on special duty. If you should come my side I hope you will be able to spend a few days on my Estate.

With Kind regards.

Believe me

0010001 Yours very Sincerely

"Signed" H. Compalais.

GOVERNMENT OF MYSORE

Mysore 15th April 1891.

My dear Madhava Rao.

His Highness the Maha-
rajah has perused with much
pleasure Mr. Coupalais letter to-
your address offering to build
a Chahan at Shemoga for the
benefit of all classes of the
Community. For this munifi-
-cent offer he deserves the es-
thanks of the Community and
of the Government and His
Highness fully appreciates
Mr. Coupalais liberal public
spirit

A Chahan at Shemoga
would be more useful than
one at Benur and its useful-
-ness would be increased by
the proposed Branch Railway
to Shemoga when it comes
to

"Mr has Come
up into the
previous notes
Letter
30/8/91

be Completed.

I should be glad if you could in Communication with the deputy Commissioner and Mr Courpalais select a good site for the chatham. The most Convenient site is near the river I think. Please Convey the best thanks of H H. Government to Mr Courpalais.

1/C

Sampagay.
9th July 1891.

My dear Mr Madhava Rao.

In Continuation of former Correspondence in re the Construction of a Chaut and Chattiam at Shemoga at my Expense - and for the benefit of travellers and the good people of Shemoga. I have now the pleasure of acquainting you that, after Consideration, I have decided upon Plan No 2, and Estimate No 2, the latter aggregating Rs 29,700. for any unforeseen Expenditure however, you might Consider it the round Sum of Rupees Thirty-thousand, to be granted by me for the purpose before mentioned.

Provision should however be made in the building for the location of a small number of native Christians and Mahamedans: as I would not like it to be Construed into a Slight towards any particular party of His Highnesses Subjects.

Of Course I Consider that the land will be granted free by Government and that the Shemoga Municipality, to whom I propose it should be handed over in perpetuity, will guarantee its proper Custody and necessary repairs.

As the monsoon has now set in, it will probably be hazardous to put the work at once in hand: but the foundations Could be laid, and such material as could be Collected. timber might be

For this purpose I would feel exceedingly obliged by your informing me, what amount of money would be immediately required - and also what allotments of funds, and in what months the future payments would be requisite for me to make this necessary arrangements.

I presume the President of the Shemoga Municipality would undertake to receive and disburse the amounts required, but I Consider it would be advantageous

advantageous to give as much work out on Contract as possible, subject to the general Supervision and Control of the Public Works officer at Shemoga. The President of the Municipality however would be the guiding Spirit of the undertaking.

I hope that these proposals will meet with your approval, and that you will favor me with a reply to this Communication.

With our best wishes

00100Ø1 remain

Yrs truly.

"Signed" H. Compalais.

GOVERNMENT PRESS

To. Henry Lourpalais Esquire
Sampigay Estate

My dear Mr. Lourpalais

I have been thitherto under the impression that the plans did not reach you and have been instituting Enquiries as to what had become of them. I am glad they have reached you and you approve of them. I quite agree that provision should be made for native christians and Mahomedans. Kindly note in pencil on the plan where you would like to make provision for them and send the plan home at your earliest Convenience.

I have already made a recommendation to Government in the sense of the observation you make in the letter and I am daily expecting the orders of Government

Allow me to lay a few

that the people of Shemoga and of the Province at large cannot be too grateful to you for your munificent offer which you have true to your reputation for generosity now extended by another 10,000 Rs.

With best wishes to self and Mrs Coupland's

Yours Sincerely.

GOVERNMENT OF MYSORE

To,

The Deputy Commissioner
Shimoga District
Shimoga

Sir,

I have the honor to acknowledge the receipt of your Several No. 1400 dated 27th instant, in re the proposed Chattram at Shimoga, and in reply have to inform you that I am in communication with Mr. Madhava Rao on this very matter.

My proposal is that I will defray the cost of the construction of a ghaut and Chattram at my own expense, and hand it over to the Government: provided the State undertakes its maintenance and conservation.

Should the Local Fund Board decline the offer; the original proposal of mine falls to the ground for, on no account would I undertake its maintenance sea, as I have a great deal of work of my own to attend to.

I have sea.

The Chief Secretary to the Dewan
of Mysore.

Sir.

With reference to your No. 10029/L.899 of the 18th Instant, I have the honor to submit herewith the accompanying Kannada memo with enclosures received from the Vice President, Shimoga Municipal Board, and to state that Hiriamappa, the owner of the land selected for the purpose demands the exorbitant sum of Rs 3000/- for it, while two of the members selected by him to join the committee formed for settling the compensation propose a sum of Rs 2000/- being paid for the site, and two of the municipal members with the Vice President think that Rs 1000/- is a fair sum to be paid.

00010001

2. I offered Rs. 1000/- to the owner, but he declined to accept the offer, and under the circumstances of the case I am not prepared to recommend anything more

for the site in question.

3. A copy of the Executive Engineer's Docket No 763 dated 17th September last and the tracing received with it are enclosed. The Woodyard adjoining the above land with the site of the present Public Chattram may, I beg to recommend, be utilized for the Chattram and that to be constructed by Mr. Courpalais. The present Chattram with the necessary repairs to be being retained for the use of either the Mahamadan or Christian travellers. In case this is approved of, the private sites between the Woodyard and the road will be acquired, if absolutely necessary.

0010001

4. The Vacant sites adjacent to the Sandal Koti and marked B to be in the rough sketch attached together with part of the Cattle pound may be given over for the Woodyard instead, or the Woodyard removed altogether to the Vacant ground on the opposite side of the river.

5. This arrangement is, I beg to submit far better than paying any large sum for Hiri-Annappa's land referred to above.

I have the honor to be Sir
Your most obedient Servant
Abdul Rahman,
for Commissioner

Bangalore
GOVERNMENT OF INDIA October 26, 1889

As to Viceroy

My dear Mr Srinivasachariar.

Allow me to thank you for your courtesy in referring the papers relating to Conjeeveram Chatram for opinion to me. Before I proceed further permit me to say that I am surprised and pained to see that so much precious time has been wasted over settling the very simple question of the best site for the Chatram. Viranniahs land was fixed upon as the most eligible for it &

0010001

and was approved of by
every ~~one~~ one including
the D^r Commr when I was last
year in Shimoga. The Ex: Engineer
in his ~~letter~~ docket no 763 dated
17^th Sept 91 to the D^r Com ~~says~~
gives his opinion in favor of it.
The site is marked A B, B' D' in
the sketch sent with his docket.
The D^r Com had asked me how the
charge for the site should be met
& I had recommended that it
should be borne by the L Funds.

I may say here that I am
emphatically opposed to any
other site than the one belonging

to Arunnuddha. She was brought to the notice of the donor & whereupon was approved by him ~~because of her presence of~~

I cannot understand why common fuss should be made about the compensation to be paid. If the main dispute & the D.J's term he may told to go to the civil court. & the land acquisition act provides clear rules for acquisition of lands for public purpose.

Even supposing that 3000 Rs had to be paid from this it cannot be a heavy charge to Govt. Seeing that the donor has generously agreed to spend

goodness for the benefit of the people of Kimuga town & District.

I hope you will not allow any further dilly dallying with the question. all manner of alternatives of more or less doubtful expediency will be put forward & the good work delayed until the season for work is passed. Kindly urge the D.C. to acquire the site & so, without any further talk & put the work in hand at once. It will be of help to the poorer classes in this time of scarcity.

I am Compalain I am sure will be very sorry to hear that even a beginning has not been made with the Christian & that the local chiefs are squabbling over the site. Thanking you again for your courtesy

Yours sincerely

W

Inspection Note by W. McHutchin Esqre
Assistant Chief Engineer of Mysore.

GOVERNMENT OF MYSORE

13
C

Courpalais' Chattram, Shimoga.

I inspected the proposed site for this Chatram on the 10th February 1892.

I had no plans of the Chatram (as designed) with me, but as far as I can judge the site will do: it is on the left bank of the river between the Bridge and the Fort inside which the Sandal Koti is situated.

The banks here are high and not much eroded, but consist of by no means very good soil. The H. F.L. rises to about 2 to 3 feet ~~of the top~~ of the bank as stated by Executive Engineer, but I recollect in 1874 and 1875 the floods overtopped the banks here!

The Executive Engineer has had a survey made of the site and asked him to at once get the opinion of the Municipal Board and of Mr. Courpalais as to what they would wish done regarding the ghat down to the river. I explained to the Executive Engineer that the Chatram alone, if built of the dimensions given in Mr. Courpalais' original plan, would with compound walls and latrines amount to 26,000 Rs., leaving only 4000 Rs.

* These are with the Dewan.

For

for a Ghaut, its approaches, and any other buildings on the edge of the River bank! Any buildings built within 10 feet of the edge of the bank would require their foundations to be taken down to 3 or 4 feet below the bed of the river, and would cost an enormous amount of money. —

I myself am of opinion that if it is decided to build the Ghat and Chattram at this site, the Ghat itself would be the first thing to build or at any rate to design and estimate for, and after this has been done the balance of the 30,000 Rs. should be spent on the Chattram Buildings &c.

As there is every probability of the Railway being extended to Limmuga I think it a pity that the Chattram should not be built close to the proposed Railway Station, but what site Mr. Groves has selected for the station I could not ascertain. — If the Ghat and Chattram is built as designed, the balance of 4,000 Rs. out of Mr. Courpalais 30,000 Rs. would only enable us to build a very poor Ghat of rough slabs for some 60 feet along the bank of the river. —

I have &c
Deputy Commissioner

AS
23.2.92

Inspection Note by W. Mc. Hutchin Esq.
Asst. Chief Engineer of Mysore:—
14/a 14
Courpalais Chattram. Shimoga Dt.

Inspected the proposed site for this Chattram on the 10 February 1892.

I had no plans of the Chattram (as designed)* with me, but as far as I can judge the site will do; it is on the left bank of the River between the bridge and the Fort inside which the Sandal Hole is situated.

* These are with the Dewan.

The banks here are high and not much eroded but consists of by no means very good soil. The H. F. L. rises to within about 2 to 3 feet of the top of the bank as stated by Executive Engineer, but I recollect in 1874 and 1875 the floods over stopped the banks here!

0010001

The Executive Engineer has had a survey made of the site, and I asked him to at once get the opinion of the Municipal Boards of Mr. Courpalais, as to what they would wish done regarding the Ghaut down to the River. I explained to the Executive Engineer that the

the Cost of the Chattram alone, if built of the dimensions given in Mr. Courpalais, original plan, would with Compro bund walls and Laterite amount to Rs 26,000 leaving only Rs 4000 for a Ghaut, its approaches, and any other buildings on the edge of the River bank? Any buildings built within 10 feet of the edge of the bank would require their foundations to be taken down 3 or 4 feet below the bed of the River and would cost an enormous sum of money.

I myself am of opinion that if it is decided to build the Ghaut and Chattram at this Site, the Ghaut itself would be first thing to build, or at any rate to design and estimate for, and after this has been done the balance of the Rs 30,000/ should be spent on the Chultram buildings &c.

As there is every probability of the Railway being extended to Shimoga I think it is a pity that the Chattram should not be built close to the Propose Railway Station, but what site Mr Grant has selected for the Station I could not ascertain.

If the large chattram is built

as designed the balance of Rs 4,000 and of Mr. Courpalais 30,000 Rs would only enable us to build a very poor chaut of rough slabs for some 60 feet along the bank of the river

Chief Engineer's letters No 1348
dated 18th January 1892 &
~~———————~~ No 762
dated 16th February 1892.

LB. 6-91
Sl 20

Ro 135-72 / L1386 9/25/92

Order thereon:—

9/13573
L1387

The plans and estimates
received with the first of
the above letters are here-
with returned to the Chf Engineer. The design
is generally approved,
but it is evident from
the second of the letters
above cited that the plans
and estimates require
revision. For the reasons
mentioned in the asstt.
Chief Engineer's Inspection
Note, it is requested

that the ~~that~~ portion
of the work may be first
designed and estimated,
and after that, the chaltram
and outhouses. When
the revised plans and
estimates are submitted,
it is requested that
alternative estimates
may be given for the
Chattrum if it consisted
of 18 sets of Cooking and
dining rooms as now
marked in the plan, or
(other parts being the same)
of 16 such sets, or 14
such sets or 12 such
sets, and if the towers were
omitted, a simple roof
being substituted instead.

0010001

It is presumed that the Chief Engineer has consulted Mr. Madhava Rao ~~[illegible]~~ who is well acquainted with Mr. Courtalais' wishes and local wants and can therefore help in the final settlement of the plan of a building which would be equally satisfactory and useful.

0010001

The site has been acquired and the Dy: Commr: will place it at the service of the Executive Engineer if he has not already done so.

Chief Secretary

To

The Chief Secretary to the
Dewan of Mysore

Dated 12th
Recd } September

No. 606/578 Inw No. 1

I have the honor to forward herewith for the information of Government copy of the Proceedings of the ceremony of laying the Foundation stone to Lumpdais Chattram and Shunt at Shimoga received with the Shimoga Division Inspecting Engineer's docket No. 690 dated 7th September 1892

0010001

Abdul Rahiman
Deputy Commissioner

19

On the 1st September 1892, at 8. A.M. the 1st stone in the foundations of "Courpalais Chuttram" was laid by Mr. C. Cress on behalf of Mr. H. Courpalais with befitting ceremony. All the ladies and gentlemen of the station were invited to be present on the occassion. On Mrs. Cress taking the chair amidst a number of guests under a large tent, the following Official report was read by the Executive Engineer.

0010001

2. Ladies and gentlemen.

I need not dwell much on the object of our assembling here to-day, as you are all fully aware why we are here and what we are about. Not to take much of your time in this wet weather I will at once briefly report on the history of the Building the 1st foundation stone of which Mrs Cress has kindly consented

(to).

to lay, to-day on behalf of the generous donor Mr. Henry Corpalais. We are all very sorry we miss our Deputy Commissioner on this occassion I duly apprised him of the date of the ceremony but by an accident my letter was not posted to his camp and possibly is delayed in delivery

3. " At the suggestions of our former Deputy Commissioner Mr V.P. Madhava Rao B.A. now, Inspector General of Police, who, we all know, continues to take a good interest in the affairs of this District, especially our Head Quarter Town, Mr Henry Corpalais, the well-known coffee Planter and Proprietor of the Sampaje Khan estate in the Kadur District, has, out of his kind feelings to his brethren, placed at the disposal of the Government in the first instance a Sum of Rs 20,000 towards the construction

of a Chattram and a bathing Ghaut in the town of Shemoga for the Hindu community; on condition that Govern-ment should, after providing a Suitable Site, construct and maintain it at their cost. He then included the Muhamedans and Christians in his charity and raised the grant by Rs 10000 and subsequently promised Rs 2000 more towards the Ghaut; thus making in all a liberal donation of Rs. 32000/.

0010001

4. Government, accepting the munificent offer of the generous donor, purchased a Suitable Site for Rs 1000/. and have Sanctioned Rs 34,257/. for the works and placed the execution thereof in the hands of the executive officers of the District. I submit for your information the plans, and estimates of the work as sanctioned. The

(estimates,

of the Several works are.

Chattrem.	Rs. 20547.
Enclosure walls.	" 1030.
Bathing Ghaut.	" 10000.
Latrines	1000.
Total.	Rs 34257.

5. The chuttrum accomodates 12 travellers and their families in 4 Separate blocks. for the convenience of Brahmins, Vegetarians, non-Vegetarians. Muhamedans and Christians. in accordance with the expressed wishes of the doner Mr Henry Corpalais. It also affords Shelter in the open Verandha in front for mendicant travellers Such as Bhyragies. The bathing Ghaut will be a unique work of the kind in this town. It is 60 ft wide with nicely dressed cut Stone Steps and a roofed Mandapam to afford shelter from sun and rain. The general arrangement of the Several works. is shewn in this Site plan which gives full idea of the

localities of the Chatham, the Bathing
Grant, Compound, Latrines and the
carriage way approaches. I hope, I
have explained to you the main features
of the proposed works, and should any
further information be required I
shall be happy to furnish it. In
conclusion ladies and gentlemen
I may here say that it was the
desire of us, all to have seen Mr.
Henry Corpalais in our midst to-day
performing with his own hand the
first ceremony of laying the
foundation of his charitable
Institution. In answer to my
telegram, requesting his presence,
he regretted his inability to come
up here during this wet weather
and informed me of his having
asked no less a competent and
worthy person than the wife of
our popular Judge Mr C. Creso
to perform the ceremony and
trusted that the arrangement
would be agreeable to the
towns

Towns people. We all should tender
our thanks to Mrs Cress for honoring
us with her presence and perform-
-ing the arduous task of laying the
1st stone in the foundations of this
unique institution in this town
notwithstanding her recent illness
and consequent personal discomfort
in this wet weather. Let us all now
unanimously ask Mrs. Cress.
to proceed to lay the foundations
stone in the midst of hearty
clappings and music 0010001
6. On the conclusion of the
report Mrs Cress was conducted
in procession and the ceremony
of laying the stone was concluded
amidst music and acclamations.
The party returning to the tent,
Mr Malhari Rao Pleader and
Municipal Commissioner gave
a valedictory Canarese address
on behalf of the Towns people

touching on the cosmopolitan nature of the audience of the flower Mr Henry Corpalais. The ceremony was terminated with the distribution of Ulten and Pan Supari among the guests, the children being freely treated to sweets.

Deputy Commissioner's Office
Shimoga 30th June 1893

To
The Chief Secretary to the
Dewan of Mysore

Sir,

In forwarding copy of the Executive Engineer's Docket No. 314 dated the 10th
0010001
Inst. with a copy of an order this day passed under the Land acquisition Act, I have the honor to request that I may be authorized to pay a reasonable compensation for the land required as may be decided with the help of a competent

Panchayath or the Civil Court.

2. The Committee who recently inspected the chattram and that under construction, proposes to pray a further donation to construct a separate block for the use of the Christian and Muhomedan travellers.

3. The old Tank ditch which is a waste ground, now taken possession of under the Land Acquisition Act, has to be added on to the chattram ground not only to allow of more space, but also to improve its sanitary condition.

0010001

4. The usual Declaration

Abdul Rahman H.B.
Deputy Commissioner
Shimoga Dt.

0010001

From The Executive Engineer
Municipal Division

To The Deputy Commissioner
Municipal District

Dated 10th May 1893

No 314 Encl/plan

In forwarding the site plan of Corbalis Chattram and blank has the honor to bring to the notice of the Deputy Commissioner that the boundary of the site as acquired from Peramanna is on the high mound adjoining the old Fort ditch - The ditch by itself, it is said, is a private property - while the ground on its bank is the Government wood yard - Thus between the wood yard boundary and that of the Chattram there

0010001

exists at present can un-
sightly ditch not properly
conserved but affording
shelter for people to resort
to it for purposes of nature-
It is necessary, therefore,
especially after the completion
of the large Chattram, to ac-
quire this ditch if it is a
private property and add it,
after levelling, either to the
compound of the Chattram
or of the Woodyard - If the
Deputy Commissioner approves
of the suggestion, he says that
steps may kindly be taken
to acquire the ditch pending
which, the permanent Com-
pound wall of the Chattram
on that side will not be
built -

2. After the ditch has

been acquired, undersigned will forward proposals for levelling it from the earth available on the high mounds on both sides of the ditch -

Head Executive Engineers Docket

No. 3 74 dated the 10th May last

Also the Vice Presidents

memo (with enclosures)

dated the 29th Instant.

At the meeting which I had

proposed to include the ditch

now owned by Veerandappa

in the ground acquired

from him for the Compalim

chattram in January

1892 ~~0001~~ opinions differed

and the ditch was left alone.

Veerandappa seized the

opportunity and knowing

full well that the ditch

would be taken up by the

Municipality or Government

later on and that he would

make money by the

bargain, purchased it

in the same month

for Rs 100 from Retired

Head accountant Ruphiamudra
Row, who had bought it at
an auction sale held in 1876.
Periasamy states that
he spent Rs 15 in clearing
the ground partly since
and that he is not willing
to part with the disted
ground which is now
required for the purpose
of the above enactment.
The said waste ground
being required for a 0010001
public purpose, a
Declaration thereof under
the Land acquisition
act be published at once,
the ground being taken
possession of by the
Government and made
over to the Executive Engineer
in charge of the work,

Rumanabba being informed that if he is not willing to take a reasonable compensation for the same, his case will be referred for decision by the Civil Court.

This 20th day of June 1893.

GOVERNMENT OF MYSORE

Proceedings of the Govt. of Mysore

LB 6-91
dl 34

Read again Proceedings of the Govt. of Mysore dated 2nd May 1894, No 18575-6 stating L7 215-92 declining to sanction that the additional sum of Rs 5842 required for completing the works connected with Sorpalais Chattrum at Shimoga cannot be sanctioned from Provincial Sanitary Budget

Read letter dt 22 May/94 No 1062. from the Deputy Commr of Shimoga stating that the works are very necessary and requesting that the additional amount may be sanctioned either from Provincial Funds or Local Funds General.

R L3549
21082-4 9/6/94
L7 215-92

Order thereon

Under the circumstances stated, the

GOVERNMENT OF MYSORE

with the construction of the two chattrams and the Ghauts as they are so closely connected with them. The location of the additional block and the Ghaut on the selected site, depends on the filling of the ditch closely and the Latrines and compound are necessary and urgent adjuncts to the institution. Under these circumstances, the Deputy Commissioner has promised to move Government for a special grant.

2 - Pending the final orders of the Government, begs to request permission to complete the nearly completed principal Hindu chattram with the modifications suggested by the Committee

the Chief Engineer will be requested to examine the final estimates forwarded to him with Government Proceedings dated 2nd May 1894 No. 1851 5-6, and report ~~d~~ 7. 215-97 ~~estimate~~ the sum required to complete the works. If the additional sum required over and above the Rt Hr Courpalais' donation of Rs. 40,000 does not exceed Rs 6000, including the compensation that may have to be paid for the ditch land, the Government are willing to pay the excess amount required from Provincial Funds.

001000

X 1. Revised Estimate for Rs 40,000 for the Chatram, including the Christian & Mussalman grass blocks, and the two Shats

2 Estimate for Rs 5842 for the following works.

(1)	For including the foot ditch into the compound and filling it up	Rs 2074
(2)	Compound wall	2061
(3)	Latrines	1077
(4)	Laying out roads	385
(5)	Levelling ground	150
		5842

2. If the total cost does not exceed Rs. 46,000 the Chief Engineer may order the work to be proceeded with and completed as soon as possible.

No. 3606
" 687.

From

The Secretary to the Govt of Mysore
P. W. Department.

To The Executive Engineer
Shimoga Division

Dated 16th July 1894.

Memorandum.

With reference to his No. 325 of 10th instant, forwards the revised project, received through the Chief Secretary for constructing Mr. Courpolias Chattram and that at Shimoga, duly sanctioned for Rs 46,000, on the condition that the limit fixed by Government in Proceedings No. 21082-4 L.F. 215-92 dated 7th ultimo will not be exceeded by the Executive Engineer. The estimate of Rs. 5842 separately submitted for constructing compound walls, labour filling in ditches &c has been included in the above revised project.

II. The work should be pushed on and completed as early as possible.

Cls

Mysore P. W. Dept.

To the Dewan of Mysore, for orders

In July 1892, Government accorded sanction to a project of Rs: 34,257 for constructing a Chuttrum and bathing ghât at Shimoga, of which Rs: 32,000 was contributed by Mr. Cawnpalais. That gentleman has since increased his contribution by Rs: 8000 to provide for a separate block of Chuttrum and ghât for Mahomedans & Christians, but this additional work will have to lie over until funds are found to meet the amount, Rs 5842, required for filling the Fort ditch and carrying out other sanitary works, as the location of the additional block and ghat depends on those works being first carried out.

00100001

The

The Deputy Commissioner has made an application to Government for a special grant to meet this outlay, and the question is under consideration in the General Dept.

11. Meanwhile, Exv. Engineer asks permission to complete the principal Chuttrum, &c., with certain modifications suggested by Mr. Campbell, now estimated to cost Rs: 32,816, which is Rs: 816 in excess of the original Contribution of Rs: 32,000 paid by him. I solicit your sanction to this excess, which, in the event of the additional Chuttrum and that being carried out, will be absorbed by the extra Contribution

of

of Rs: 8,000 -

1st/. D. McNeil Campbell Esq
R.E.
Secy to Govt of Mysore
